This waterfall was made in the Catskill Mountains by Christian Root, father of Ernest C. and grandfather of Miles E Root. Being a pencil sketch and for his own use it was not signed. It was given to Miles and me by his daughter, our "Aunt Nell" Hunter when she came to visit us at 2037 Sandown Oceanside about 1949.

(I had the picture mounted. I believe this information is on the back of the drawing, also as of an earlier date.)
